Key		
Pre-requisites	Course # Title Area & Credits	Downward Dependencies
Co-requisites		

Notes:
1. A student may substitute CS 100 (4 semester hours) or RRS 101&102 for AEM 249
2. For more information, consult: http://registrar.ua.edu/core-curriculum
3. AEM 121 is recommended, but can be satisfied by taking ENGR 111 or other engineering intro courses.
4. ENGR-161 is recommended, but can be satisfied by taking ENGR-171 (10-3-18 AEM dept meeting)
5. Math-237 and Math-238 requires a course that uses computers as a pre-requisite such as AEM 249; check with your advisor for a list of additional suitable courses.

This is an unofficial flow chart prepared to assist students in planning their coursework. The UA Undergraduate Catalog contains the official listing of academic information.
Aerospace Engineering & Mechanics and other departments change their pre-requisites & co-requisites from time to time. Students should consult the UA Undergraduate Catalog and seek advising prior to registering for courses.
Dr. Semih Olcmen Aerospace Engineering & Mechanics
